What's your PM spirit animal?

LION

Natural leader, takes charge, owns the room. Always have plan B.

EAGLE

Strategic and precise. Always watch from above. Spots issues before they become risks

PANDA

Calm anchor, Steadies the team, diffuses tension, and protects balance under pressure.

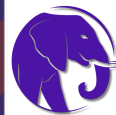

CHEETAH

Fast executor. Thrives under pressure and tight deadlines. Ships first, refines later.

GIRAFFE

Big picture thinker. See what others miss. Always connecting strategy to delivery.

ELEPHANT

Never forgets a risk. Detail-oriented, process-driven, and the backbone of every project.

FOX

Creative problem solver. Think outside the box when the constraints are impossible

ANIMAL FUN FACTS

A lion's roar can reach 114 decibels, louder than a rock concert.

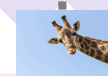

Eagles can see 4 to 5 times farther than humans, spotting prey over a mile.

A panda can eat up to 40 pounds of bamboo a day to stay energized

Cheetahs can accelerate from 0 to 60 mph in about 3 seconds, faster than most sports cars.

Giraffes can run up to 35 mph, despite their slow, graceful walk.

Elephants have over 40,000 muscles in their trunk, giving them incredible precision and strength

Foxes can make over 40 different vocal sounds from screams to chirps.
